Blood Ties: The Complete Series on Blu Ray

If you haven't already devoured this enormously entertaining series, then here's your chance to see it from the start. Based on the best-selling novels by Tanya Huff, *Blood Ties* follows the adventures of a Toronto police detective as she discovers a world she never knew existed, a world where magic is an everyday occurrence, demons exist and vampires are very, very real. Christina Cox is the epitome of a sexy bad-ass as the cop, while Kyle Schmid is hugely entertaining as the 480-year-old bloodsucker who helps her solve her caseload of paranormal crimes. 4 stars
