*stagnant or repressed in your surroundings, it is important to take a break from the mundane and go where your heart leads you. It allows you to recharge and begin again with fresh and renewed energy. For some it is the ocean, for some the woods, for some feeling the sun on your face. Our music is an escape from the stress and pressure of modern times. Journey back through time with us, to a simpler, magical time where music enters your heart and soul."*

Transcend time with **Blackmore's Night** to a world with no stress, just the beauty of nature, and fairy tales, sunsets and moonlit skies. Welcome to the **Blackmore's Night** experience.

While the album is rooted in a traditional approach, fans of **Ritchie Blackmore's** unique style will not be disappointed. On the two instrumental tracks - 'Darker Shade Of Black' and 'Der letzte Musketier' – Ritchie's guitar brilliance shines through.
